The school campus

An academy committed to helping students become future leaders

In this constantly evolving world, Bihani Academy, Joka, is committed to igniting the minds of the students so they can become future leaders who are erudite, patriotic, law-abiding citizens with a deep concern for all.

The school's campus is spread over 6 acres of land and 70% greenery-covered area. It is located in a noise-free and pollution-free zone. It has well-ventilated, smart classrooms and dedicated science and language labs along with a well-stocked library and a canteen. Bihani Academy also has a 400-seater auditorium and an open-air amphitheatre which is the first of its kind in the city. The school offers boarding facilities for students of Class IV and above.

"Bihani Academy functions with the belief that a healthy balance between academics and extra-curricular activities is what ensures the holistic well-being of any child. We indulge in a number of indoor and outdoor pursuits to

ensure the physical, emotional, moral and cognitive development of each of our students," says principal Mousumi Mohapatra.

Their infrastructure supports activities like squash, table tennis, billiards, chess, martial arts, yoga and meditation, dance, eastern music, western music, carrom, cricket, football, basketball, volleyball, badminton, swimming, skating and boxing. The celebration of notable days and participation in national and international competitions help widen students' exposure. Recently held events include a science exhibition, Grandparents' Day celebration, Olympiad exams and KenKen puzzle challenge to name a few. An inter-school teachers' conclave on Modern Day Learning and Opportunities for Collaboration led to an exchange of ideas between the other members of the system. Teachers remain in constant touch with the parents to ensure immediate inputs and prompt implementations. Parents' and students' feedback are closely monitored to guarantee effective teaching-learning process. Passion for excellence is the key driving force behind the school.

"It is heartening to see our kids becoming environmentally responsible along with academic excellence. A well-groomed, confident child emerging from our school is our greatest achievement," says chairman Rohit Bihani.
